COMMISSION AT GANDHINAGAR**

Filing No. _____

Case No. _____

IN THE MATTER OF Filing Petition for Compliance of the Gujarat Electricity Regulator Commission (Procurement of Energy from Renewable Sources) Regulations, 2010 and its subsequent amendments notified by the Commission

AND

PETITIONER MPSEZ Utilities Private Limited,
Adani House, Near Mithakhali Circle,
Navrangpura, Ahmedabad - 380 009

THE PETITIONER RESPECTFULLY SUBMIT AS UNDER:

1. MPSEZ Utilities Private Limited (hereinafter referred to as "MUPL" or "Petitioner") is a company incorporated under the Companies Act, 1956 having its registered office at Adani House, Near Mithakhali Circle, Navrangpura, Ahmedabad - 380009.
2. The Hon'ble Commission in exercise of the powers conferred under section 61, 66, 86 (1) (e) and 181 of the Electricity Act, 2003 (36 of 2003), has made the Gujarat Electricity Regulatory Commission (Procurement of Energy from Renewable Sources) Regulations, 2010 for promoting the sale of power from renewable energy sources and procurement of energy from renewable sources by distribution licensee within the state of Gujarat vide its Notification No. 3 of 2010 dated 17.04.2010 (herein after referred as RPO Regulations). In the RPO Regulations, the Hon'ble Commission has specified the minimum percentage for the procurement of power from Wind, Solar and Other Sources.
3. Subsequently, the Hon'ble Commission has issued the Gujarat Electricity Regulatory Commission (Procurement of Energy from Renewable Sources) (First Amendment) Regulations, 2014 vide notification no. 2 of 2014 dated 04.03.2014. The Hon'ble Commission has fixed the RPO target for the obligated entities through the aforesaid regulations for the period FY 2010-11 to FY 2016-17.

Niswan Shah

4. The Hon'ble Commission has notified the Gujarat Electricity Regulatory Commission (Procurement of Energy from Renewable Sources) (Second Amendment) Regulations, 2018 vide notification no. 1 of 2018 dated 21.04.2018.
5. The RPO target specified by the Hon'ble Commission to be fulfilled by the obligated entities during FY 2017-18, as per Gujarat Electricity Regulatory Commission (Procurement of Energy from Renewable Sources) (Second Amendment) Regulations, 2018, is as under:

Year	Minimum Quantum of purchase (in %) from renewable energy sources (in term of energy in kWh)			
	Total	Wind	Solar	Others (Biomass, Bagasse, MSW, etc.)
2017-18	10.0	7.75	1.75	0.5

6. The Petitioner respectfully submits that they have, after exercising the commercial prudence, opted to purchase Renewable Energy Certificates (RECs) in view of Regulation 5.1 of GERC (Procurement of Energy from Renewable Sources) Regulations, 2010 and also used renewable attribute of Solar Projects for captive consumptions, referred as Case 1 under the tab of "RPO" in Clause 9.2 of Gujarat Solar Policy – 2015 to fulfill RPO for FY 2017-18.

The status of RPO compliance during FY 2017-18 is tabulated as under,

Particular	FY 2017-18		Total RPO (MUs)	Renewable Energy Purchased (MUs)			
				RECs Purchased	RPO Attribute	Total	
Energy (MUs)	293.93						
Non Solar RPO	%	8.25%	24.25	24.22	0.00	24.22	8.24%
	MUs	24.25					
Solar RPO	%	1.75%	5.14	0.35	2.03	2.38	0.81%
	MUs	5.14					

7. The Petitioner has decided to fulfill RPO target by purchasing RECs in place of renewable power due to following reasons:
- The Renewable purchase obligation (RPO) of MUPL is very less due to small consumer base/demand and therefore, no seller has approached the Petitioner for tie-up of renewable power for such a small quantum.
 - The Majority of the customers of the Petitioner are bulk consumers who can easily migrated to other power sources through open access. In case, the Petitioner will succeed in tie-up of renewable energy through long term agreement then in the event of migration of bulk consumers to other power sources, financial burden on the other consumers of the Petitioner will increase.
 - The Bulk Consumers of the Petitioner have started to install solar PV panels on rooftops for their captive use under Gujarat Solar Policy - 2015. The Renewable attributes of such projects have been used by the

Petitioner to fulfill the RPO target. The total capacity addition on account of roof top solar projects is 3.32 MW out of which 1.79 MW was installed till 31.03.2018.

8. The Hon'ble Supreme Court has stayed Central Electricity Regulatory Commission (CERC) order dated 30.03.2017, in the matter of determination of Forbearance and Floor Price for RECs framework to be applicable with effect from 01.04.2017, vide order dated 08.05.2017 in Appeal No. 6083/2017. Accordingly, trading of Solar and Non-Solar RECs had been suspended by the Indian Energy Exchange (IEX) after issuance of directive from the Hon'ble CERC. The copy of IEX circular in this regard is attached as **Annexure I**.
9. The Hon'ble Supreme Court vide order dated 14.07.2017 had modified the previous order dated 08.05.2017 and thereafter allows trading of Non-Solar RECs at previous rate till the time APTEL renders the final decision in the matter. In accordance with directives of the Hon'ble Supreme Court, the Hon'ble CERC vide letter dated 20.07.2017 directed IEX to commence trading of Non-Solar RECs and to continue with suspension of Solar RECs till further order. The copy of the letter is enclosed as **Annexure-II**. The APTEL has not issued any final order in this matter till 31.03.2018.
10. The Petitioner was regularly informing the Hon'ble Commission about status of trading of Solar RECs through RPO Monitoring Status Reports.
11. Due to suspension of Solar RECs as per directive of the Hon'ble Supreme Court, the Petitioner could not able to purchase enough Solar RECs to fulfill its 100% RPO during FY 2017-18 but could only able to fulfill Solar RPO up to 46.20%.
12. The Petitioner has made efforts to fulfill its obligation by procuring Non-Solar RECs on regular basis which shows from the quarterly RPO monitoring reports submitted with GEDA & the Hon'ble Commission. But in the month of Mar 2018, the Petitioner was not able to fulfill the Non-Solar RPO target due to shortage of RECs in the market. Hence, the Petitioner has achieved the overall Non-Solar compliance percentage at the tune of 8.24% for FY 2017-18. IEX Report mentioning the shortage of Non-Solar RECs is enclosed as **Annexure-III**.
13. The Petitioner has deposited RECs purchased during FY 2017-18 to the Hon'ble Commission in view of Regulation 5.3 of GERC (Procurement of Energy from Renewable Sources) Regulations, 2010. The submissions made are annexed here as **Annexure-IV**.
14. The Petitioner has submitted RPO Monitoring Status Report of FY 2017-18 to Gujarat Energy Development Agency (GEDA) vide its letter no.: MUPL/GEDA/RPO/2017-18/Q4/14052018 dated 14.05.2018. The submission is annexed here as **Annexure-V**.

15. Further, the Regulation 4.2 of the Gujarat Electricity Regulatory Commission (Procurement of Energy from Renewable Sources) Regulations, 2010 provides that:

"4.2 The Commission may, suo-motu or at the request of a licensee, revise the percentage targets for a year as per clause 4.1 of these Regulations keeping in view supply constraints or other factors beyond the control of the licensee."

16. Thus, the RPO Regulation also confers powers to the Hon'ble Commission to revise the RPO based on the request of the licensee on account of supply constraint or for the other factors beyond the control of the licensee.
17. Based on details submitted hereinabove, the Petitioner humbly requests the Hon'ble Commission to kindly revise the minimum percentage target for purchase of power from wind and other renewable energy sources except solar for FY 2017-18 due to supply constraint and the factors beyond the control of the Petitioner. The Petitioner also requests the Hon'ble Commission to allow carrying forward the shortfall quantity of Solar RPO of FY 2017-18, considering suspension of Solar RECs trading in FY 2017-18.

Prayers:

In the facts and circumstances mentioned above, it is most respectfully prayed that this Hon'ble Commission may be pleased to:

- a. Consider the submissions as above
- b. To revise the percentage target of purchase from renewable energy sources for FY 2017-18 keeping in view the supply constraint and the factors beyond the control of the licensee.
- c. To allow carrying forward the Solar RPO of FY 2017-18, considering suspension of Solar RECs in FY 2017-18.
- d. Allow additions / alterations / changes modifications to the submissions.
- e. Condone any inadvertent omissions/errors/shortcomings.
- f. Afford reasonable opportunity of personal hearing before passing any orders in the matter.
- g. Grant any relief/s as it deems fit and appropriate under the circumstances of the case and in the interest of justice.

Declaration that the subject matter of the Petition has not been raised by the Petitioner before any other competent forum, and that no other competent forum is currently seized of the matter or has passed any orders in relation thereto.

Sub.: Supreme Court Order dated 8.5.2017 in Civil Appeal Nos. 6083/2017 and 6334/2017 regarding CERC order dated 30.3.2017 on REC Floor & Forbearance Price

Sir,

This is in continuation of this Office letter dated 24.5.2017 (copy attached) under which the IEX was advised to suspend the trading session in both Solar and non-Solar REC in view of the stay granted by Hon'ble Supreme Court on the Commission's order dated 30.3.2017 in Petition No. 2/SM/2017 vide order dated 8.5.2017 in Civil Appeal Nos. 6083/2017 and 6334/2014.

2. Hon'ble Supreme Court in its order dated 14.7.2017 while disposing the Civil Appeal No. 6083/2017 has substituted the interim order dated 8.5.2017 by granting the following prayer of the Appellant, namely, Indian Wind Power Association:

"(c) in the alternative, direct the Respondents to ensure that any obliged entity purchasing RECs at the floor price determined vide the order dated 30.3.2017 shall deposit the difference between the earlier floor price and the present floor price with the Respondent No. 1, Central Commission during the pendency of the Appeal No. 105 of 2017 before the Appellate Tribunal."

3. In terms of the above order, trading of non-solar RECs shall resume at the floor price of non-solar RECs prevalent earlier and the difference between the said floor price and the floor price determined by the Commission vide order dated 30.3.2017 in Petition No. 2/SM/2017 shall be deposited with the Commission during the pendency of Appeal No. 105 of 2017 before the Appellate Tribunal for Electricity. Accordingly, it has been decided to resume the trading in non-Solar RECs subject to the following conditions:-

(a) Obligated Entities/Power Exchanges shall deposit the difference between floor price prevalent earlier (i.e. Rs. 1500/MWh) and the floor price as determined vide order dated 30.3.2017 (Rs. 1000/MWh) with the Commission

**IEX SEES RECORD HIGH TRADE OF 93.29 LAC RECs IN FISCAL 2017-18
 MARKET SEES SHORT-SUPPLY OF RECs IN MARCH'18 TRADING SESSION**

With Govt. of India proactively pursuing obligated entities to fulfil their Renewable Purchase Obligation, the Non-Solar REC inventory has exhausted significantly. On 1 April 2017, the total Non-Solar inventory was 129 lacs while the closing inventory was only 14.95 lacs RECs on 28 March and going forward the REC Market is expected to see shortage situation on the sell-side.

This fiscal year the Indian Energy Exchange has accomplished record high trade of 93.29 Lac compared to 46.19 lac RECs traded in previous fiscal representing 102% increase year on year basis. This commendable achievement was realized only on the strength of trade in Non-Solar RECs while the trade Solar REC continued to be under Stay order from the Honorable Supreme Court.

In the trading session held on 28th March 2018, IEX saw trade of 20.79 lac Non-Solar RECs with reversal in buy-sell bids after almost six years. The sell bids at 20.79 lacs were short by almost 1.77 lac RECs with the buy bids at 22.56 lacs and therefore the volume cleared was 20.79 lacs.

The distribution companies from States such as: Delhi, Maharashtra, Bihar, Union Territories and Goa; the utilities such as DVC, BEST, Tata Power, Torrent as well as open access consumers and captive industries came forward to fulfil their RPO compliance in fiscal year 2017-18.

REC TRADING SESSION (NON-SOLAR) ON 28 MARCH 2018

The 28th March trading session being the last one in fiscal 2017-18 saw an increase of 433% over Feb'18 when 3,90,158 Non-Solar RECs were traded and 263% increase over March'17 when 5,72,357 Non-Solar RECs were traded.

A total of 1062 participants traded in the 28 March 2018 trading session. Overall, a total of 3518 participants are registered in the REC segment at IEX. Of this, 742 are Eligible Entities (RE Generators) 2755 are Obligated Entities (DISCOMs, Open Access Consumers & Captive Generators) and 21 are registered as Voluntary Entities.

Highlights of the Non-Solar REC Trading Session held on 28 March'18	
Trade Volume	20,79,799
Buy Bid	22,56,422
Sell Bid	20,79,799

VADODARA

Trust writes to Collector over 'illegal' construction at Covid burial ground

EXPRESS NEWS SERVICE
VADODARA, JUNE 13

DAYS AFTER the Makarpura Christian Cemetery was designated as a Covid-19 burial ground for the Christian community in Vadodara, an illegal construction inside its plot has left members of the community baffled.

Father Isaac Arackaparambil, who is the sole trustee of the Divine Child Seva Kendra — the custodian of the cemetery land allotted by the District Collector — has written a letter to the administration, drawing their attention to the matter as any construction inside the burial ground is in violation of the considerations under which the land was allotted to the community for burials.

In his letter to the Collector, Arackaparambil — who is also the Parish Priest of Don Bosco Church, Vadodara — has said, "As per the order of the District Collector dated October 10, 2002, a plot of land measuring two guntas (ap-

The Makarpura Christian Cemetery has not yet seen any Covid-19 burials from the community since the VMC designated it as a Covid-19 burial ground on May 8

proximately 164 square metres) in Makarpura, Vadodara, was allotted for the purpose of burial of the deceased of the Christian Community in response to the request of the Sole Trustee Divine Child Seva Kendra Trust dated December 4, 2000. As per the conditions laid down in clause four of the above order, no construction is permitted on this land and it is to be used for the sole purpose of burial of the dead. A Vadodara Municipal Corporation (VMC) letter May 24, 2003, permits the use of demarked land for burial purpose only for Christian

Community (as an open burial cemetery)."

The letter further states that on June 10, a member of the community who had visited the cemetery noticed the construction and informed Arackaparambil about it.

"On verifying the issue, some members of the Cemetery Committee of the church learnt that a few other members of the Committee were aware of the ongoing construction. The internal committee that has been appointed to see to the daily upkeep of the cemetery has failed to provide any suitable reply. So, I have informed them that the construction is in gross violation of the Collector's Order, awarding the

land only for open burials. Since Divine Child Seva Kendra is the custodian of the land, which belongs to the District Collector, and I am the sole trustee, it is my moral obligation to oppose this violation." Arackaparambil said he has informed the authorities that the construction work inside the Makarpura Christian Cemetery has been done without his knowledge. "I have asked the Collector to advise us on the action we can take in this matter," he said.

The Makarpura Christian Cemetery has not yet seen any Covid-19 burials from the community since the VMC designated it as a Covid-19 burial ground on May 8.
