Proposal Put up to GUVNL for TN-105 to TN-110 :

As per GUVNL Letter no. GUVNL/ Tech/ Solar Cell/ PM-KUSUM-C/ FLS/ 1693, Dtd.21-06-2022, "DISCOM are requested, after selection of SPG / parties the discovered tariff may be consulted with GUVNL and subsequently before signing agreement, tariff needs to be adopted by GERC."

Accordingly, UGVCL had placed proposal to GUVNL in line with previous proposals as per tender TN-3 to TN-104 vide letter no. UGVCL/Solar/PM KUSUM-C/FLS/271 dated 31.01.2024 for *"Proposal to give consent to file tariff petition before Hon'ble GERC for adoption of the tariff discovered through the competitive bidding followed by e-Reverse Auction for purchase of Power for Solarization of various 11 KV Agricultural feeders emanating from selected 66 / 11 KV Sub-stations in the supply area of UGVCL as per the PMKUSUM Scheme Component-C-Feeder Level Solarization through RESCO model-TN-105 to TN-110"*.

GUVNL had instructed vide letter no. GUVNL/Tech/Solar Cell/PM-KUSUM-C/FLS/208 Dtd.31.01.2024 as **"it is to state to recall the discussions held during the MDs meeting on 15-01-204, in which it was directed to take approval of the Board of respective company, accordingly it is requested to take appropriate actions after observing all the formalities."**

Accordingly, put up the proposal before UGVCL Board & The board of UGVCL held on dtd. 27.02.2024, passed resolution vide BM:145.09/2024 Dtd 07.03.2024 has resolved following;

"1) To issue LoI to e-reverse auction RL-1 bidders of 06 tenders/plants having more than one bid, at the rate of e-reverse auction RL-1 rate of the tender/plant;

2) To issue counter offer to other than "e-reverse auction L-1 bidders" of 03 tenders/plants having more than one bid, at the rate of "e-reverse auction L1 bidder's rate" of the tender/plant, for the remaining capacity in the bucket of the respective bid. On receipt of confirmation of acceptance of counter offered price, LoI be issued as per the bucket filling mechanism till the notified capacity of the plants is exhausted as per RFS;

3) After completing the LoI process, to file a Petition before the Hon'ble GERC for adoption and approval of the tariff at the earliest."

Accordingly, UGVCL had issued LoI and Subsequently, based on the acceptance of the LoI, UGVCL had filed the tariff petition vide petition no.2356 of 2024 before the Hon'ble GERC for adoption of tariff up to Rs. 2.94/- per unit, which is under approval.

16. Tariff Rate proposed to be accepted with justification:

Tariff rate up to Rs. 3.00 /- per unit is proposed for awarding Letter of Intent (LoI) to the selected bidders for procurement of solar power under PM KUSUM Component - C scheme considering the following points:-

- The discovery of tariff in tariff based competitive bidding process for MW scaled solar projects is not comparable for the tariff discovered for solar power from distributed small scale solar power projects.

- Moreover, Hon'ble MERC in its latest order dated 11.05.2023 has approved pre-fixed levelized tariff of Rs. 3.30/unit for procurement of solar power from the projects to be set up under PM KUSUM scheme Component A wherein subsidy support of Rs. 1.05 / MW is not available from Central Government.

- Further, Hon'ble MERC in its Order dated 24.05.2023 has approved pre-fixed levelized tariff of Rs. 3.10 /unit for procurement of solar power from projects to be established of 117.5 MW capacity under PM KUSUM scheme Component C.

1252

- Further, Hon'ble GERC in its Order dated 20.12.2023 has approved pre-fixed levelized tariff up to Rs. 3.00 /unit for procurement of solar power from projects to be established of 152.876MW capacity under PM KUSUM scheme Component C against the petion no. 2254 and 2255 of 2023 file by UGVCL recently.

- Further, petition no. 2356 of 2024 is under approval at Hon'ble GERC for pre-fixed levelized tariff up to Rs. 2.94 /unit for procurement of solar power from projects to be established of 41.0 MW capacity under PM KUSUM scheme Component C.

- **In this tender with the condition of *"It will be mandatory to use indigenously manufactured solar panels with indigenous solar cell"*, Out of the total eligible bidding capacity of 160.5 MW, 139.0 MW capacity (i.e. around 86%) is covered within the rate of Rs. 3.00 /unit. Thus, around 139.0 MW distributed solar capacity at compatible rate will be available to DISCOMs helping towards RPO fulfillment as well as catering Ag demand appropriately under KSY scheme.**

In view of the same, the rate up to Rs. 3.00 / unit is proposed for offering LoI to selected bidders for procurement of solar power from the projects to be established under Component C (Feeder Level Solarization) of PM KUSUM scheme.

17. Proposal:

Considering the Consent received from GUVNL for the previous tenders for accepting the bids having tariff rate up to Rs. 3/- per unit and subsequently approval of adoption of tariff in similar tenders in PM-KUSUM-C-FLS scheme by Hon'ble GERC and looking to the importance and urgency of the LOA to be placed by getting approval from the Hon'ble GERC for adoption of tariff, following proposal is submitted to the Board for its deliberation and approval: -

1) To issue LoI for the Solar plants Substations against which the tariff is received up to Rs. 3.00/- per unit.
2) To issue LoI to e-reverse auction L-1 bidders of 59 plants having more than one bid, at the rate of e-reverse auction L-1 rate of the plant OR Rs.3.00/- per unit , whichever is less.
3) To issue counter offer to other than "e-reverse auction L-1 bidders" of 59 plants having more than one bid, at the rate of "e-reverse auction L1 bidder's rate" of the plant OR the Rs. 3.00/- per unit, whichever is less for the remaining capacity in the bucket of the respective bid. On receipt of confirmation of acceptance of counter offered price, we may issue LoI as per the bucket filling mechanism till the notified capacity of the plants is exhausted as per RFS.
4) To issue LoI to bidders of 13 plants having single bid, at the offered rate OR Rs. 3.00/- per Unit, whichever is less. And for the remaining such plant where, Rate is higher than Rs 3.00/-, Consent to be asked by counter offer of Rs.3.00/- per unit. On receipt of confirmation of acceptance of counter offered price, we may issue LoI.

The SPG shall forego the excess generation and reduce the output to the contract capacity and shall be required to pay the penalty/charges, **25% of Tariff rate + applicable taxes** in case of failure to do so. The SPG shall install adequate protection equipment at the interconnection point to avoid excess energy feeding into the grid and failure to do so shall entitle DISCOM to not pay for the additional energy over and above the contracted capacity.

4.4 Extensions of Time

4.4.1 In the event that the SPG is prevented from performing its obligations under Article 4.1 by the Scheduled Commissioning Date due to:

(a) any UGVCL Event of Default; or

(b) Force Majeure Events affecting UGVCL, or

(c) Force Majeure Events affecting the SPG,

the Scheduled Commissioning Date and the Expiry Date shall be deferred, subject to Article 4.4.4, for a reasonable period but not less than 'day for day' basis, to permit the SPG or DISCOM through the use of due diligence, to overcome the effects of the Force Majeure Events affecting the SPG or UGVCL, or till such time such Event of Default is rectified by UGVCL if delay is attributable to UGVCL.

4.4.2 If the Parties have not agreed, within thirty (30) days after the affected Party's

1565

performance has ceased to be exist by the relevant circumstance on the time period by which the Scheduled Commissioning Date or the Expiry Date should be deferred, any Party may raise the Dispute to be resolved in accordance with Article 16.

4.4.3 As a result of such extension, the newly determined Scheduled Commissioning Date and newly determined Expiry Date shall be deemed to be the Scheduled Commissioning Date and the Expiry Date for the purposes of this Agreement.

4.5 Liquidated Damages not amounting to penalty for delay in Commissioning

4.5.1 If the SPG is unable to commission the Project by the Scheduled Commissioning Date other than for the reasons specified in Article 4.4.1, the SPG shall pay to UGVCL, damages for the delay in such commissioning and making the Contracted Capacity available for dispatch by the Scheduled Commissioning Date as per following:

4.5.2 In case any SPG fails to achieve this milestone, UGVCL shall encash the Performance Bank Guarantee (PBG) as liquidated damages (LD) in the following manner:

Delay up to two months: LD equal to the PBG on per day basis. The no. of days

In "month" for the LD calculation shall be considered as 30.

In case the commissioning of the solar power plant is delayed over two months: The complete PBG amount shall be encashed and DISCOM shall have right to terminate the PPA. The decision of MNRE regarding release of CFA shall be binding and to the account of SPG.

In case of delays of plant commissioning due to Force Majeure reasons, the Procurer / UGVCL after having been satisfied with documentary evidences produced by the SPG for the purpose, can extend the time for commissioning date without any financial implications on the SPG.

4.5.3 The SPG further acknowledge that the amount of the liquidated damages fixed is genuine and reasonable pre-estimate of the damages that may be suffered by UGVCL.

4.6 System Specifications and Quality Control

4.6.1 All components used for installation of solar power plants shall confirm to applicable BIS/MNRE specifications and follow quality control guidelines issued by MNRE. It will be mandatory to use indigenously manufactured solar panels with indigenous solar cells.

4.6.2 Further, the balance of system should also be manufactured indigenously. The vendor must declare the list of imported components used in the solarisation

system.

4.6.4 To ensure the quality, inspection shall be carried out of the solar modules, inverter/controller, MMS, etc., during the installation of system and final commissioning of the system. Officers involved in inspection should be domain experts, properly trained and equipped with necessary tools for inspection. The SIA may engage a third-party inspection agency for this purpose.

4.6.5 Erection of 11 KV Line network shall be confirming to relevant standards.

4.7 Third Party Verification

4.7.1 The SPG shall be further required to provide entry to the site of the Power Project free of all encumbrances at all times during the Term of the Agreement to UGVCL and a third Party nominated by UGVCL or any Indian Governmental Instrumentality for inspection and verification of the works being carried out by the SPG at the site of the Power Project.

4.7.2 The third party may verify the construction works/operation of the Power Project being carried out by the SPG and if it is found that the construction works/operationof the Power Project is not as per the Prudent Utility Practices, it may seek clarifications from SPG or require the works to be stopped or to comply with the instructions of such third party.

4.8 Breach of Obligations

4.8.1 The Parties herein agree that during the subsistence of this Agreement, subject to UGVCL being in compliance of its obligations & undertakings under this Agreement, the SPG would have no right to negotiate or enter into any dialogue with any third party for the sale of Contracted Capacity of power which is the subject matter of this Agreement. It is the specific understanding between the Parties that such bar will apply throughout the entire term of this Agreement.

4.9 Generation compensation for Off-take constraints

4.9.1 Generation Compensation in offtake constraints due to Grid Unavailability: During the operation of the plant, UGVCL shall endeavor to ensure 95% of grid availability in a contract year. However, there can be some periods where the Project can generate power but due to temporary transmission unavailability, the power is not evacuated, for reasons not attributable to the SPG. In such cases, subject to the submission of documentary evidences from the competent authority, the generation compensation shall be restricted to the following and there shall be no other claim, directly or indirectly against UGVCL:

Duration of Grid unavailability	***Provision* for Generation Compensation**
Grid unavailability in excess of	***Generation Loss = [(Average Generation per hour***

1567

5% in a contract year as defined in the PPA(only period from 8 am to 6 pm to be counted):	***during the Contract Year) × (number of hours of grid unavailability during the Contract Year)]*** Where, Average Generation per hour during the Contract Year (kWh) = Total generation in the Contract Year (kWh) ÷ Total hours of generation in the Contract Year.

The excess generation beyond 19% CUF by the SPG equal to this generation loss shall be procured by UGVCL at the PPA tariff so as to offset this loss in the succeeding 3 (three) Contract Years and no further compensation shall be made by UGVCL to SPG.

4.9.2 Offtake constraints due to Backdown: The SPG shall follow the forecasting and scheduling process as per the regulations in this regard by the Appropriate Commission. D.O. No. 32/10/2021 SPV Division

Dated: 25th October 2024

Dear Sir/Madam,

The Ministry of New and Renewable Energy is implementing the PM-KUSUM scheme with the twin aim of solarizing agriculture and enhancing farmers' incomes. Your kind attention is invited to Component C of the PM KUSUM scheme, which also deals with Feeder-Level Solarization (FLS). The scheme provides support for the solarization of agricultural feeders, which ensures daytime electricity for farmers and reduces the state subsidy burden.

2. The scheme guidelines permit an overall timeline of 24 months for the completion of the project from the date of sanction, wherein, 18 months are provided from the date of LOA within the overall timeline. The scheme sunset date is 31 March 2026. During the last review meeting held on 09.10.2024, it has been observed that the activities under Component C (FLS) of the PM KUSUM Scheme need to be expedited. All PPAs under the allocated sanctions should be signed by 31st December 2024. This would allow the projects to be finished within the timeframe. The SIAs should also intensify the installation work of existing projects, where PPAs have already been signed.

3. In case, where the tenders have not been finalised so far, the same may be communicated to the Ministry by 30th November 2024 so that the unutilized quantity can be allocated to those states where installations are going on.

5. Considering the approaching deadline for PM KUSUM scheme, I request your kind intervention in expediting the implementation of the Scheme and ensuring that the objectives are achieved within the given time frame.

Yours Sincerely,

(Ajay Yadav, IAS)

D.O. No. 32/10/2021 SPV Division

Dated: 25th October 2024

Dear Sir/Madam,

The Ministry of New and Renewable Energy is implementing the PM-KUSUM scheme with the twin aim of solarizing agriculture and enhancing farmers' incomes. Your kind attention is invited to Component C of the PM KUSUM scheme, which also deals with Feeder-Level Solarization (FLS). The scheme provides support for the solarization of agricultural feeders, which ensures daytime electricity for farmers and reduces the state subsidy burden.

2. The scheme guidelines permit an overall timeline of 24 months for the completion of the project from the date of sanction, wherein, 18 months are provided from the date of LOA within the overall timeline. The scheme sunset date is 31 March 2026. During the last review meeting held on 09.10.2024, it has been observed that the activities under Component C (FLS) of the PM KUSUM Scheme need to be expedited. All PPAs under the allocated sanctions should be signed by 31st December 2024. This would allow the projects to be finished within the timeframe. The SIAs should also intensify the installation work of existing projects, where PPAs have already been signed.

3. In case, where the tenders have not been finalised so far, the same may be communicated to the Ministry by 30th November 2024 so that the unutilized quantity can be allocated to those states where installations are going on.

5. Considering the approaching deadline for PM KUSUM scheme, I request your kind intervention in expediting the implementation of the Scheme and ensuring that the objectives are achieved within the given time frame.

Yours Sincerely,

(Ajay Yadav, IAS)
